Please select the model below for your meter connection needed.
(If you have any questions as to the type of connection needed please call us or go to our cross reference page)

The "SOFTIE™" by Probe Master lets you say "goodbye" to hand fatigue and finger calluses. A soft probe that bends 90 degrees or more. A probe that conforms to the shape of your hand. This soft flexible probe bends gently to reduce wear and breakage of the lead. Many combinations are possible with the "screw on" accessories shown above. The 48" long, 18GA. test leads, are made of top quality silicone.
