

Certificate of Compliance
European Union RoHS Directive 2011/65/EU

Dear Valued Customer:

Steren Electronics Corporation offers the following items compliant with Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment, the RoHS directive, and Directive 2003/11/EC, the 24th amendment to Council Directive 76/769/EEC, provided lead free surface finishes are requested by the customer.

Steren Electronics has received certification statements or declarations from our factory that no mercury, hexavalent chrome, polybrominated biphenyls (PBBs), polybrominated diphenyl ethers (PBDEs), lead in excess of 1000 ppm, or cadmium in excess of 100 ppm are added to, or known to be present in the raw materials supplied. This certification is kept on file for each raw material.

This letter will apply to Steren Part #'s:
